Central Asia - Growth in trade (1-8/22)

EUROPEAN GREEN DEAL

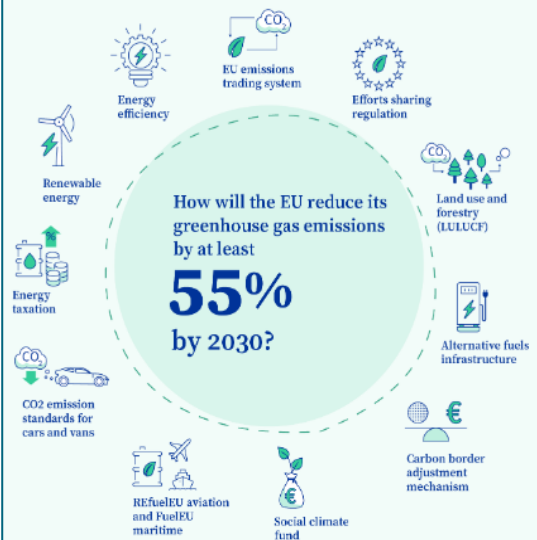

REACHING OUR 2030 CLIMATE TARGETS

#EUGreenDeal

„Fit for 55“ – Content and goals

Fit for 55: how the EU will turn climate goals into law

- Adaptation of the existing emissions trading system (ETS)
- Include emissions from maritime transport in the EU ETS
- Phase out free allocation of EU ETS allowances for aviation and for sectors to be covered by the CO₂ limit offset system in the future.
- Implement the International Carbon Offset and Reduction Scheme for International Aviation (CORSIA) through the EU ETS,
- Increasing funding from the modernisation and innovation funds
- Revise the Market Stability Reserve to continue to ensure a stable and well-functioning EU ETS
